

## WORKSHEET 4A: TRACING PERSONAL HISTORIES USING MAPS

Name: \_\_\_\_\_

Using the map below, trace the migratory path of Luis Sandoval and the Arellanos. Mark each stop along his/her path with a dot, and connect lines between them to show the person's route. In the space around the map, draw pictures of people, landmarks, and sights you think he/she might have seen along the way. Connect a line from your picture to the appropriate place on the map.
